Permit Issue Number:- 1

Signed:
Chief Executive Officer

The LP Gas Safety Association has been mandated by the Department of Labour to Verify LP Gas appliances tested for conformance with the SANS 1539 specification. In addition, the LPGSASA is mandated to undertake a similar process for hoses manufactured to SANS 1156-2 and LP Gas regulators to SANS 1237.

The LP Gas Safety Association issues this LP Gas Verification Permit to the manufacturer/importer of appliances/hoses and regulators that have been tested by an approved Test House as being compliant with current published SABS Standard. This permit and the subsequent registration of the appliance/s is issued by the LP Gas Safety Association in the interests of a safer South Africa. The Safe Appliance Logo is a registered trademark and may only be used by valid non-expired permit holders.™ All rights reserved 2012 ©.

Please ensure your permits are always kept up to date. For further information and to view our terms and conditions please visit www.lpgas.co.za or contact (011) 8869702
